Show Thank You! – A Message from CMLMS Show Chair, Roger Laylin

The 30 or so CMLMS members and the 10 friends who took an active part in making this 46th Show a success deserve the thanks of the other members!

- Theresa Hubbard in her first year as Children's Day Coordinator did a fantastic job. There were 1166 kids in attendance during the morning, not including the accompanying parents and teachers.
- The club's supplementing the Schools transportation costs helped to increase attendance. The Children's exit gift free pass led to 32 parents returning with their child.
- The club's supplementing the Schools' transportation costs helped to the increased attendance. The Children's exit gift free pass led to 32 parents returning with their child.
- Total paid attendance was 1385, a few less than last year but considering the conditions, an acceptable number.
- We welcomed two new Dealers this year: S & S Gold and Diamond, and J. C. Pearls.
- Not enough good words can be said for Jean Ann Wahl-Piotrowski and Chuck Collins in managing the hospitality room, to keep us all well fed and happy. Chuck again provided morning relief for the night duty security person thus saving me from an early morning call. THANK YOU CHUCK!
- Thanks also to the many members who contributed the good food that we happily consumed during the show. No one went home hungry, and more than one Dealer praised the eats!
- The blue table covers on the demonstrators' and display tables were provided by Grit and Alice Turner; the covers add a professional look to the Show and are greatly appreciated!
- Ruth Ann Lehner deserves special thanks for convincing a fine group of artists and lapidary skill demonstrators to attend our show. They perform their skills, explain what they are doing, and both educate and entertain Show visitors.
- Elaine Angstman puts in year-round hard work acquiring and preparing the offerings at the spinning wheel and the silent auction – and then setting up and running the silent auction. Without her efforts at these two features the show attractions would be much reduced.
- Dave Westjohn made great use of his knowledge of geology and minerals by almost single handedly manning the Mineral Identity (What Am I) Table.

- Ernie Aughenbaugh arranges for Dealer contracts, keeps in contact with them, and handles any problems or complaints they may have. I certainly appreciate your running interference again this year! – ERNIE, THANK YOU A WHOLE BUNCH!
- Club member turnout for both set-up and tear-down was very good (we can always use more hands to make the work easier). The Geology Student turnout Thursday noon was light but helpful and it was GREAT on Sunday evening. Their energy and strength were much appreciated! We trust the help from the Geology Club continues.
- The efforts put forth by members in charge of all the various show functions was again exceptional -- publicity, children's table, silent auction, spinning wheel, demonstrators, displays, admissions, raffle, florescent booth, security, dealer liaison, treasury and last but not least FOOD. A special THANK YOU to all of you in charge as well as all of the members who assisted so ably during the show.
- Next Show we need to make a better effort to control the three unmanned doors in the corners to better control the unknown number of people who entered by doors other than the main entrance.
- The Dealers on the whole seemed satisfied with the results of the weekend and all indications are that the 46th Show was again an educational and financial success – and was enjoyed by all
- We need a lot of new and different materials, especially fossils for the Children's Table. The pebble pond always needs refilling. The "Kids" nearly drained the supply of the more desirable fossils and mineral specimens so get out there and collect over the coming year!
- All the volunteers that assist us during the Children's Tour (Friday morning) help make that day a success; please continue to recruit your friends and relatives, the more the merrier.
- There will be a wrap-up Show Board and 2012 Show Budget meeting at the Laylins' house, 1770 Sandhill Rd., on a date to be determined. I will notify the Board of the day and time; any member interested in the Show may attend. Contact Roger Laylin in early December if you wish to attend.
